2017 DATES:
JUNE 16-18

FROM THE EVENT MANAGER

TYLER STALEY

Welcome to the 2016 GM Nationals, thanks for joining us! I'm excited to be back for my fourth year as the event manager of this show. One of the biggest things you probably noticed about the show this year was its brand new weekend which now overlaps Father's Day. So, before we go any further, happy Father's Day to all the dads out there! It is truly amazing how many people have become involved with cars because of a father-son or father-daughter bond over wrenching. I earned my passion for cars from my dad who is, ironically, a big Ford fanatic. But, regardless of our favorite manufacturer, all of us enthusiasts share a common bond – we love cars! Many of us have our fathers to thank for turning us into gearheads so take a minute to thank your dad for starting your passion and be sure to introduce your kids to this awesome hobby.

This year's event is offering a special nod towards fans of the Oldsmobile. In particular, two Olds-focused displays are being featured in Building T: 50 Years of the Toronado and a showcase dedicated to the iconic Hurst/Olds.

Complimenting the Hurst/Olds display and Toronado display, special guests Don Glover (an original Hurst team engineer) and David North (the original designer of the Toronado) will be here to meet enthusiasts. Mr. North will also be offering seminars about the design of the Toronado.

Combine the special displays and guests along with UMI's autocross activities, SLP's burnout contest and over 1,000 show cars and you get one awesome weekend for the entire family. Even more special is our first-ever Dads and Doughnuts celebration on Sunday, which is a way of thanking all dads for coming to the show. Kids are eligible for FREE monster truck rides, and dads who register a show car can grab a coffee, a doughnut and a family picture to remember the event. So, to all the enthusiasts out there, thanks for coming and have a great weekend!

In 1967, Hurst Performance experimented with the newly-redesigned Olds 4-4-2. They used the front-wheel-drive setup from the Toronado and placed it in a 4-4-2. It was dubbed the "Fouranado," a name that

reflected a car that was 4-4-2-equipped with the heart of a Toronado. Hurst used the 455 C.I., W-34 package engine offered in the Toronado as the power plant. The entire project involved a lot of custom work, such as sectioning the fenders, flattening the floor (since no driveshaft was needed) and blending the frames of both cars. The end result is this one-of-a-kind, experimental vehicle hand-built by Hurst Performance.

Finding Love at Carlisle

By Sarah Burkarth, Carlisle Events Social Media Coordinator

At the Carlisle GM Nationals in 2013, two young Grand Prix owners noticed they were parked beside each other on the showfield. Brandyn and Ally had actually been showing their cars alongside each other for many years, but had never introduced themselves before this particular June event in Carlisle, PA. "We knew from the start that we were meant for each other," said Ally. The duo are die-hard Pontiac fans and have owned their Grand Prix's for eight years.

At the 2015 GM Nationals, Brandyn was invited to accept an award in front of the grandstand and a crowd full of people. Ally was by his side to show support, but she had no idea what was about to happen would change their lives forever. With microphone in hand, Brandyn began to give an acceptance speech for his award and then proceeded to say "and there's only one way to make this weekend better." "He then he got down on one knee and proposed to me. I, of course, said yes!" exclaimed Ally. The crowd erupted into cheer, with both show patrons and Carlisle Events staff excited to witness such a beautiful moment.

"We knew exactly where we were having the wedding, hands down no question about it," said Ally. The 2016 GM Nationals will host the wedding of Brandyn and Ally on Sunday, June 19. The Pontiac-themed reception will be held inside a building on grounds. "Carlisle GM Nationals means the world to us and holds a special place in our hearts."

K & R: Your One-Stop-Shop for Restoration Parts

By Sarah Burkarth, Carlisle Events Social Media Coordinator

K & R Classic Auto Parts is the one-stop shop for all your restoration needs. The 17-year-old company is headquartered in Danville, Virginia and specializes in Camaro and Chevelle restoration parts. It is a small business of only two people, but K & R takes up a large footprint at Carlisle and has been setting up here for over 15 years.

As a guest at the Carlisle GM Nationals you have surely seen K & R Classic Auto Parts on grounds, as well as at Spring/Fall Carlisle, for many years. Fairly new to Carlisle, however, is Keith Jones who took over ownership of K & R last April. The 2016 GM Nationals will be

Keith's fourth time at the Carlisle Fairgrounds and his second GM show. Keith says he is all about customer service, quality parts and competitive pricing for the buyers at Carlisle. He feels that he "owes it to the spectators and his business to be at the top of his game at all times."

K & R is best known for their 1967-1981 Camaro parts but they also now have an inventory of '47-'53 and '67-'72 Chevrolet truck parts. The company carries a large inventory of sheet metal; like fenders, hoods, quarter panels and floor pans. This is also the place to look if you are searching for weather stripping, bumpers, grilles, emblems, gauges,

interiors, or wiring harnesses. As mentioned before, truly the "one-stop shop" for restoration needs.

Aside from traveling to Pennsylvania three times a year for Carlisle shows, K & R vends at events in Ohio, North and South Carolina, Tennessee, Florida and Georgia. So far in 2016, Spring Carlisle has been their best show by a long shot, significantly increasing sales totals. Keith hopes that the GM Nationals will follow in the same footsteps.

Since 1999 K & R Classic Auto Parts has been helping people rebuild their dream cars so stop by and see what they can do for you!

OFFICIAL EVENT GUIDE PARTNER

It's no secret that American car values have been on the move over the past few years, both up and down. It pays for buyers, sellers and owners to know exactly what's going on in the marketplace at any given time, and that information is exactly what American Car Collector magazine does best. Each issue of ACC contains more than 100 market reports on individual cars that have appeared at auction, with published sold prices highlighted by on-site evaluations that cover condition, originality and options. Not only do we tell you what a car sold for, we help you understand why. Every issue also includes

in-depth profiles on cars from GM, Ford and Mopar, joined by Hot Rod, Race Car, Corvette and Truck. Whether you have one car or 20, ACC has the information that'll keep you on top of what's happening in the American collector-car world. Subscribe at americancarcollector.com.

RESTORING AMERICAN HISTORY

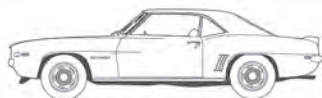

"Hello, I just wanted to give praise to your company and the great job you do. In a world that seems to lack in customer service, as well as a complete business plan, your company is head and shoulders above the rest. Being a long time car restorer, tech advisor and a shop supervisor, it is a pleasure to deal with a company of your quality. Through the years I have tried other companies but your company is the best.. Once again thanks for providing a great service to the car hobby."
